

### **Electronics Engineer - Permanent - Devon - £30,000**

Our clients are leaders in the Research & Development of Electronic Sensors for the Aerospace industry.

Due to expansion we are looking for a further Electronics Engineer to support the Senior Development Engineer. The successful candidate will be educated to HNC level (or equivalent) supported with 2/3 years within a test/ development environment. Experience from within the aerospace industry is advantageous however, not essential. More importantly you will be motivated to learn new skills, take responsibility for ongoing product development and able to use initiative and work with little direction.

This is an exciting opportunity to join a small team based on the outskirts of Exeter. Our clients offer an excellent benefits package for an eager engineer keen to develop within the industry.

If this is you, email your CV to [Nicky@briteservices.co.uk](mailto:Nicky@briteservices.co.uk) or telephone 07981 947265
